If you are considering a career change or are wondering what it’s like to turn your passion into your career then this is the event for you.

Andrea Tonkin (Clifton ‘78) began her working life as a teacher but always had a hidden passion for fashion. As time went by Andrea realised she needed to follow her dreams, and encouraged by her mentor, Andrea moved out of education and into the highly competitive fashion industry. Just as Andrea reached her goal as a Myer Fashion Stylist she was faced with an even greater challenge: overcoming cancer. Today, having been given the all clear, Andrea, continues to set herself exciting career goals.

Share Andrea’s inspiring story and find out about the importance of mentors for your career and the value of surrounding yourself with positive people.

8.45-9.15AM HEAR FROM ANDREA ABOUT THE LATEST SUMMER TRENDS AND STYLES
