STUDENTS from St Mary’s Anglican Girls’ School have created unique Christmas gifts that will be included in hampers for homeless people.

The Year 9 students used their Enterprise Day to make designs for stuffed decorations including reindeers, Christmas trees, gingerbread men, angels, doves, stars and hearts.

The designs will be donated to St Bartholomew’s House, a charity that supports people who are homeless or at risk of homelessness.

Some of the girls will continue to support St Bart’s through community service in the school holidays by sorting donations.
