What To Bring:

- Bathers, footwear, drink bottle and towel.
- Goggles and swimming caps are ideal for every swimmer.

- The St Mary's Swim School does have flippers available for use for the higher swimming levels. If you prefer you can bring your own flippers.
- Please bring appropriate warm clothing for after the lesson.
- Medication for medical conditions such as asthma, should be brought to each lesson with your child.

Supervision of Children:

- Children under the age of 12 are not permitted to enter the pool area without a parent/guardian. Regardless of their skill level, no child is completely safe around water and must be supervised at all times.
- Please note that St Mary's swim instructors are not responsible for your child/children before or after their lesson. Your child does not enter the pool until instructed by their swim instructor.
- Children and parents are not permitted to use the 8-lane swimming pool for recreational swimming. The diving pool is also out of bounds unless your child's swim instructor has incorporated this into their lesson. The small shallow pool can be used by children waiting for siblings to finish their lesson. A parent / guardian must be present at the shallow pool to supervise their child/children.
- Please be close by at the end of your child's/children's lesson to collect them on time.
- Please take your child/children to the toilet before their lessons.

Enrolment:

- Your child/children will be assessed by their swim instructor at the beginning of lessons to ensure that they are in an appropriate level. This will be a practical assessment in the pool.
- Please inform the St Mary's Swim School, prior to an enrolment or an assessment, if your child/children have any special needs including but not limited to behavioural, medical or learning, so we can cater to these needs.

Health and Safety Policies:

- Your child must not attend swimming if they are unwell or suspected to be unwell until your family doctor has provided medical clearance.

Progress Feedback:

- If you have any concerns about your child's/children's progress, behaviour or emotional state, our Swim School Supervisor will be available to discuss these with you, whilst your child is swimming.
- At the completion of the swimming program, your child's instructor will provide an opportunity for parents to discuss your child's progress after their lesson. The instructor will only have a short period of time with each parent, so please be mindful of the other swimming families waiting in your child's class.
